JUDGES

Scoring All sections:

Bjørn Ole Nyborg:	EFIAP/G, PPSA, NSMiF/P	Norway
Göran Zebühr	EFIAP/d3, ESFIAP, EPSA, HonENFFF, NSMiF/p, MNFFF/s	Sweden
Jarmo Mäntykangas	EFIAP/d2, PPSA and earn GPU Cr4 and VIP3	Finland

PSA Rules for the Judging Process

- The exhibition will be conducted in accordance with the rules of the PSA.
- An entrant's images will not be presented to the judges consecutively.
- An entrant's four images will be distributed throughout four rounds of judging in that section.
- Distribution of images will be in the same round order as submitted by the entrant.
- At no stage will a judge be able to view all the entrant's images together.

AWARDS

1 x FIAP Blue Badge will be awarded to the Best Author who achieved the highest number of total acceptances in the exhibition. In case of a tie, it will be awarded to the entrant with the highest number of points from all the sections in this Salon. In case of a tie, the exhibitor who won the most awards shall be declared the recipient.

4 FIAP Gold Medals, 8 FIAP Honorable Mentions Ribbon in each section

4 PSA Gold Medals, 8 PSA Honorable Mention Ribbon in each section

4 GPU Gold Medals, 12 GPU Honorable Mention Ribbon in each section

4 NFFF Gold Medals, 20 NFFF Honorable Mentions, in each section as e-certificates

AFCC Gold Medals, 20 Honorable Mentions, in each section as e-certificates

20 Vantaa Photoclub Honorable Mentions, in each section as e-certificates

1 Chairman's choice in each section as e-certificates

A total of 112 prizes

All Awards (Medals, and Ribbons) will be posted. The e-certificate (PDF) Honorable Mentions will be emailed.

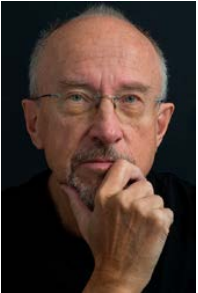

The organizer is required to adjust the number of awards based on the total number of acceptances.

JUDGES

Göran Zebühr

EFIAP/d3, ESFIAP, EPSA, HonENFFF, NSMiF/p, MNFFF/s, Sweden

I have been active in Swedish photo clubs since 1968 on local, regional and national levels. For the past ten years I have been a jury member or chairman in more than 25 international salons.

Jarmo Mäntykangas

EFIAP/d2, PPSA and earn GPU Cr4 and VIP3, Finland

I've been hooked on photography since 1980, when I bought my first camera. My favourite subjects are nature, the night sky, and creative photography — basically anything that lets me stand alone in the woods at midnight wondering if I locked the car.

Bjørn Ole Nyborg

EFIAP/G, PPSA, NSMiF/P, Norway

Thoughts from the judges

International Photo Salons offers a lot of advantages. Primarily for the participant but also for the judges. The photographer gets a new opportunity to carefully select what images to use and for each of these present them as good as they can. That could be a combination of previsualisation, choosing the best camera settings to capture the image and finally by sensitive post-processing give the image the right look to transform the feelings the photographer had at the time the motif was spotted. This is very much a process of learning and evolving.

As a member of the judging team, you have the demanding task of deciding which images you prefer better than others. In the first phase you are on your own and must have an inner dialogue with yourself when making these decisions. This is also a process of learning and evolving. During this phase you have the privilege to see a lot of amazing and inspiring images in the different sections of the salon.

When all judges have given their individual points to the images there is an award meeting where the medals and HMs of the salon should be decided upon. It's very rare that all the judges have given their highest score to the same image. An interesting discussion follows where the three judges share their thoughts on the images and eventually reaches an agreement.

The 2nd Art of Light 2025 International Photo Salon arranged by Vantaa Photoclub, Finland received 3192 images in total for the four categories Open Colour, Open Monochrome, Nature General and People. A huge task for us judges, and as mentioned above offering a lot of inspiration.

There are some problems and restrictions connected to these different categories. As a judge you are aware of these, and the photographer must comply to them. Therefore, it was a bit surprising to find monochrome images entered in colour and colour images in monochrome.

The rules for the Nature category are extensive and tricky for the photographer to interpret. As a judge you are more or less lost. How could we determine if an image is shot at a location where some kind of bait has been used to attract the animals?

We are three experienced judges, being invited to judge a lot of salons over the years. As such we have seen a lot of the images before. Does this affect us? No, a good image is a good image. But one wonders if the rules for distinctions in FIAP and PSA maybe should be changed to encourage the photographers to shoot and send new images to the salons instead of sending the same image over and over again.

In the end we all three had a good time and we saw a fair number of new and inspiring images as well as excellent craftsmanship, creative compositions and unusual situations captured with a smile or from a new angle. We would like to thank all participants for sharing their images with us and the organizers of this salon for giving us the opportunity to be part of it.

Word of the chairman of the salon

The second Art of Light salon has been completed. Establishing an exhibition under international patronage this year was challenging. There was no consensus between the different umbrella organizations this year, which led to changes in the series, among other things. Draft rules went through for international distribution under the umbrella organizations. However, the photographers overcame these challenges in the end with great success.

The surprise was that the nature photography series had the smallest number of entries in this salon's series. The background was ambiguities in the new rules of the international umbrella organizations, which the photographers did not dare to try to interpret with sufficient precision, which led to exclusions. However, this did not affect the final result of the salon. The judges did a convincing job and selected a collection of stunning images for the exhibition. It is hoped that this year's rule turbulence will calm down and the rules for 2026 will be clarified, so that uncertainty among photographers will disappear.

Photography represents an art form of non-verbal communication. This is important for photographers in their creative expression and in challenging viewers to enjoy their masterpieces. This is art beyond borders and barriers, regardless of the language spoken. The visual language covers the whole world.

Chairman of the salon
Ilpo Pohjonen
EFIAP, GPU-Cr1

Exhibition Requirements

Image And Entry Requirements: This exhibition is open to anyone; however, an entry maybe rejected when the exhibition chair believes the entry does not conform to exhibition rules and these ES-COE. Membership in any photographic organization is not required.

Neither awards nor acceptances will be granted to any entrant who is on the PSA Penalties List for Ethics Violation. Entry fees are not refundable in these circumstances.

PSA Star Ratings: To receive proper star ratings credit from PSA, entrants must provide their names and country exactly the same way in each exhibition. Aliases are not permitted. Please contact PSA in the event of a name change or relocation to another country. Using one’s name differently in different exhibitions exposes the entrant to the risk that many of their acceptances may not be recognized in PSA Star records.

Reproduction: The entrant permits the sponsors to reproduce all or part of the entered material free of charge for publication and/or display in media related to the exhibition. This may include low resolution posting on a website. PSA may request specific permission from entrants to reproduce entered images in its educational materials. The terms of that permission will be mutually agreed upon between the entrant and PSA except in the circumstances where the entered image is found to breach the PSA Ethics Policy. In those circumstances, the image may be reproduced by PSA without the entrant’s further permission, for educational purposes, or to illustrate serious exhibition rule violations. For those reproductions, the entrant’s name will be withheld.

Entries will not be accepted from entrants who indicate that their images may not be reproduced in materials related to the exhibition. The exhibition assumes no liability of any misuse of copyright.

Re-use of accepted images: Any image that has been accepted in this exhibition, past or present, may not be entered again in the same division star ratings class in any future instances of this exhibition. It may, of course, be entered in any other PSA recognized exhibitions but must always have the same title. Re-titling in another language is not allowed.

Entry: An entry consists of up to and including four (4) images entered by a single entrant into the same section. The same image can receive no more than a total of twenty (20) acceptances (per star path). Identical or similar Images shall not be allowed in the same section or different sections of the same exhibition as determined by the judges or exhibition chair. Similar images are those which are practically equivalent, as defined on this page: <https://psa-services.org/pdf/Practical-Equivalence.pdf> When a group of similar images is uploaded by the entrant, all similar images in all sections will be disqualified. Be advised: while similar images may be entered in different exhibitions, these images and acceptances may be disallowed by the separate review process associated with applications for stars, diamonds and galaxies. To avoid disappointment, do not enter images that are practically equivalent.

Titles: Each image must have a unique title that relates to the content of the image. That unique title must be used for entry of that image into any and all PSA-recognized exhibitions. Titles must be 35 characters or fewer. No titles may be visible to the judges, and nothing in the image may identify the entrant. Titles may not include file extensions such as .jpg or .jpeg (or any other camera capture file names such as IMG_XXXX). Titles may not consist of personal identifiers possibly augmented by a number; and may not include words such as “untitled” or “no title.”Titles may not consist solely of numbers unless those numbers are prominently contained within the image, such as a contestant number in a race. When entering titles, exhibitors may use Latin1 or Latin2 character sets (ISO-8859-1 or ISO-8859-2) which allow diacritical marks (é, ñ, ü, à, è, í, etc). While text written in non-Latin writing systems (Hanzi, Cyrillic, Arabic, Devanagari, etc) might be accepted by exhibition software, this practice is discouraged because it may yield unpredictable results in galleries, catalogs and may be rejected in Star applications.

Color and Monochrome: Color and monochrome images from the same capture that share substantial pictorial content in common will be considered the same image and must be given the same title.
